Refresher on Disaster Recovery (DR)

- Service for when Commonwealth Enterprise Solutions Center (CESC) is deemed inoperable
- Declaration made by CIO of the Commonwealth
- Six-tiered approach based on recovery time objective (RTO) and recovery point objective (RPO)
- Services fail over to Southwest Enterprise Solutions Center (SWESC)
- Not meant to be needed for short intervals

Current State of DR

- Completed the June 2012 DR test
 - Tested with an external vendor for the first time
 - 19 of 24 action items completed to date
 - Better utilization of the DR tool
- Next DR test scheduled for Aug. 5-11, 2013
 - Will test with three external vendors
 - Will utilize a resource unavailable list for the first time
 - Believe agency participation will be high
- Proactive test scheduling
