

## PSAP Grant Program Grant Ranker

# View Application--151--Large-scale Color Printer

**Grant Period:** 2010

**Tier:** Broaden or increase the delivery of wireless E-911 equipment or services beyond established minimum functional standards (**BROADEN**)

**Grant Program:** Continuity and Consolidation **Grant Type:** Individual PSAP

**Priority:** GIS: medium priority (refer to GIS-related Grant Request Prioritization Matrix for a description of GIS projects that would have a medium funding priority) (**GIS MEDIUM**)

**Primary PSAP Applicants:** Richmond County

**Jurisdictions Served:** Richmond, County of  
Warsaw, Town of

### Project Director:

Christopher H. Jett  
Technology Director (E-911 Coordinator)  
101 Court Circle, P.O. Box 1000, Warsaw, VA 22572  
804-333-1100 (phone)  
804-333-3408 (fax)  
cjett@co.richmond.va.us

### Project Description:

**Total Project Cost** \$8,250.00

**Amount Requested:** \$8,250.00

### Statement of Need:

Richmond County received funding through the FY09 Wireless E-911 Services Board's PSAP Grant Program, for upgrades and enhancements to its mapping data maintenance system, used to maintain the planimetric mapping data utilized within the PSAP. This funding is allowing the County to modernize its mapping maintenance system with up-to-date ESRI software and a geodatabase format and is also allowing the County to assume responsibility for the data maintenance using County staff as opposed to outside contractors/consultants. However, the County still lacks the ability to print hardcopy maps at sizes larger than 11" x 17", without having to utilize the services of outside agencies. This severely limits the County's ability to provide large-scale, hardcopy map products to the PSAP - products that could be vital when the Eagle mapping system is down for service or maintenance. In order to fill this void, the County wishes to purchase a HP Designjet T1100ps 44 inch printer. The cost of this printer, including a HP Jetdirect 635n IPv6/IPsec Print Server, shipping, and installation, is estimated at \$7,450. Three years of next business day, onsite hardware support for the printer is estimated at an additional \$800. If awarded the requested grant funds to purchase this large-scale printer, Richmond County envisions not only the capability of providing up-to-date, large-scale hardcopy maps for use within the PSAP when the Eagle mapping system is down, but also the ability to produce large-scale wall maps of features such as Emergency Service Zone boundaries for daily reference and customized maps for use within the PSAP and Emergency Operations

Center (EOC) during major emergencies, as well as the ability to update these hardcopy maps on an as needed basis. The E-911 Wireless Services Board currently provides Richmond County approximately \$45,000 annually, in addition to the FY09 grant award. However, this funding is already being utilized to offset the maintenance costs of the County's E-911 CPE, voice logging recorder, and Eagle mapping software maintenance, as well as personnel costs for dispatchers and IT support staff. Large-scale printers/plotters (primarily for PSAP use) are listed as priority 8 (GIS: medium priority) under the FY10 PSAP Grant Continuity and Consolidation Program. Without this requested funding, Richmond County will be unable to purchase the desired large-scale printer and will have to continue relying on outside agencies for the printing of large-scale hardcopy map products for the PSAP.

### **Comprehensive Project Description:**

Richmond County wishes to have the in-house capability of providing large-scale hardcopy maps for use within the PSAP, with the ability to print fresh copies of these maps with up-to-date information as the PSAP's mapping data is updated. Currently, the County has no capability of printing color maps of any size larger than 11" x 17" and, therefore, has to rely on outside agencies for the printing of these large-scale hardcopy maps when they are needed. This severely limits Richmond County's ability to provide large-scale, up-to-date hardcopy map products to the PSAP that could be vital when its Eagle mapping system is down for service or maintenance. The County's ability to provide large-scale wall maps of features such as Emergency Service Zone boundaries for daily reference and customized maps for use within the PSAP and Emergency Operations Center (EOC) during major emergencies is also severely limited. With this grant request, the County wishes to fill this void by purchasing a HP Designjet T1100ps 44 inch printer, along with a HP Jetdirect 635n IPv6/IPsec Print Server and three years of next business day, onsite hardware support, at a total estimated cost of \$8,250. This total cost of \$8,250 can be broken down into a cost of \$6,395 for the printer, \$429 for the Jetdirect print server, \$626 for shipping and installation of the equipment, and a remaining cost of \$800 for the three years of next business day, onsite hardware support.

### **How will the equipment purchased will support future technologies for PSAP readiness?:**

Not applicable to this project.

### **Budget and Budget Narrative:**

Richmond County is requesting a total of \$8,250 in grant funds to cover the cost of purchasing a HP Designjet T1100ps 44 inch printer and associated HP Jetdirect 635n IPv6/IPsec Printer Server, along with three years of next business day, onsite hardware support. The total cost of \$8,250 can be broken down into a cost of \$6,395 for the printer, \$429 for the Jetdirect print server, \$626 for shipping and installation of this equipment, and a remaining cost of \$800 for the three years of next business day, onsite hardware support.

### **Evaluation:**

Evaluation of the success of Richmond County's Large-scale Color Printer project will include demonstration that the proposed HP Designjet T1100ps 44 inch printer and associated HP Jetdirect 635n IPv6/IPsec Printer Server have been purchased, installed, and are operating properly.

# HP Designjet T1100 Printer series

A trusted choice for demanding professionals

Empower CAD and GIS professionals with a single, reliable, large-format printer. Original HP Vivera inks enable impressive detail and accuracy, while convenient technical and manageability features enable workteams to print with confidence.

## Impressive accuracy and detail

Professional projects with neutral gray, true black and impressive colors.

- **Produce exacting detail and precise,** accurate line quality. Using the HP Three-black ink set the system produces true neutral gray, accentuating the detail in your prints. Get improved line accuracy to 0.1 percent<sup>1</sup> and 0.0423 mm minimum line width, plus excellent horizontal-to-vertical line-width difference.
- **Present your professional best.** HP Vivera inks produce a wide range of colors, from vivid color to soft tones. With the matte black, photo black, and gray HP Vivera inks, you'll achieve more accurate color and true neutral gray, even on glossy media. And your prints will have smoother area fills, more depth, and more subtle contrasts.
- **Avoid smudges with fast-drying HP Vivera inks.** HP Vivera inks result in prints with excellent smudge-resistance on a range of Original HP media.

## Fast, easy to share

Boost personal and workgroup productivity.

- **Print CAD and GIS projects as fast as 35 seconds for a D-size page.**<sup>2</sup> The HP Designjet T1100 delivers high-speed printing without sacrificing accurate print quality. HP Scalable Printing Technology is designed to place smaller ink drops precisely for consistent results, even at fast print speeds.
- **Free up workstations and process complex files quickly.** In-printer processing architecture lets you send a file to the printer and get back to work quickly. The printer's 40 GB hard disk provides a large buffer, reducing the chance that your workstation will lock up when printing large files.

And your files travel swiftly over the Internet, without complication, allowing you to print even the most complex files.

- **Change print-job priorities and reprint copies efficiently.** Use the Job Center and HP's embedded web server to control the progress and the priorities of your print jobs, so you can skip the walk to the printer. For easy batch printing, drag and drop a batch of files in any supported format to the Job Center.
- **Print jobs on the correct media every time.** Alerts displayed by HP Easy Printer Care let you know when your print job requires you to change media. The printer continues printing other jobs until you decide to swap media, so your colleagues won't be interrupted.

## Rest assured

Upgrade to a printer you can count on to deliver results.

- **Match your colors from screen to print.** Get the right colors on the first print with screen-to-print matching through a range of HP Professional Color Technologies, including enhanced sRGB and Adobe® RGB printing.
- **Connect easily.** The HP Designjet T1100 readily connects to operating systems and applications thanks to HP-GL/2. HP printer drivers are specially optimized for AutoCAD, providing Windows® ease of use with the performance of HDI. And, Macintosh® drivers are standard with every model. HP Designjet T1100ps Printers deliver more robust connectivity with embedded PostScript/PDF support, printing TIFF and JPEG with embedded ICC profiles, offset emulation, and professional PANTONE® emulation.

<sup>1</sup> +0.1 percent of the specified vector length or +0.1 mm (whichever is greater) at 23° C (73° F), 50–60 percent relative humidity, on E/AO printing material in best or normal mode with HP Matte Film.

<sup>2</sup> Mechanical printing time on plain media in fast mode with Economode on.

# HP Designjet T1100 Printer series

1. Roll feed accommodates media rolls up to 300 ft
2. HP Vivera ink supplies up to 130 ml
3. Three long-life printheads featuring HP Scalable Printing Technology
4. Easy-to-reach, intuitive front panel
5. 40 GB hard disk for large files and file queuing
6. Media stand and bin collect drawings as they print
7. USB, Ethernet connection ensures easy workgroup integration
8. EIO slot accommodates an array of HP Jetdirect options

## Printer series at a glance

### HP Designjet T1100 Printer:

- Choice of 24- and 44-inch models
- Drivers for Windows and Macintosh
- 256 MB RAM and 40 GB hard disk
- Direct file submission of HP RTL, HP-GL/2, and CALS files

### HP Designjet T1100ps Printer:

- Choice of 24- and 44-inch models
- Drivers for Windows and Macintosh
- Embedded Adobe® PostScript® 3™ RIP
- 256 MB RAM and 40 GB hard disk
- Direct file submission of HP RTL, HP-GL/2, CALS, TIFF, JPEG, PostScript, and PDF files

### Options

- Additional spindles for easy media swapping
- Installation service
- Warranty extensions or upgrades
- HP Jetdirect network solutions

## HP 72 Printheads

### **Built with HP Scalable Printing Technology**

HP Scalable Printing Technology uses uniquely constructed printheads that yield faster speeds, so you're more productive. Accurate drop placement ensures your work looks its best. And longer printhead life saves you time and money.

## HP 72 Vivera inks

### **Tested to ensure results**

Superior HP engineering isn't just for hardware. Original HP Vivera inks are formulated through a process of rigorous testing. Ink chemists typically design up to 1000 prototype ink formulations while developing a new ink—and all HP inks are subjected to more than 20 tests for purity to prevent problems that degrade image quality. You can be confident that with HP 72 Vivera inks, you'll get consistently crisp, clear, accurate lines, and vivid color—even true neutral grays—in fast-drying, smudge-resistant prints.

## Original HP media

### **Matched to your job**

Print lots of drafts just for review? Choose a jumbo roll of HP Bright White Inkjet Bond Paper. Need to print a really dense map that will get handled a lot? Try HP Super Heavyweight Plus Matte Paper. Want to make a good impression in your presentation? HP Self-adhesive Gloss Polypropylene is just what you need for your project boards. Choose from over 20 Original HP substrates, all designed together with HP Vivera inks to bring professional results to your projects, day after day.

## HP Services

### **Here to help**

Want to ensure your printer is always available and productive? Check out HP Care Pack Services for installation and multi-year on-site services. Experts are available with technical phone, web and on-site services to make sure you get the most efficient use of your printer. Competitively priced, flexible packages let you select service levels, hours of coverage and response times that meet your needs.

# HP Designjet T1100 Printer series

## Technical specifications

<b>Print speed<sup>3</sup></b>	Fast: 35 sec/page on D/A1, 70 D/A1 prints per hour (Economode on)
<b>Line drawings<sup>4</sup></b>	52 D/A1 prints per hour (Economode off)
<b>Color images</b>	Fast: 445 ft <sup>2</sup> /hr (41 m <sup>2</sup> /hr) <sup>5</sup> Best: 30 ft <sup>2</sup> /hr (2.8 m <sup>2</sup> /hr) <sup>6</sup>
Print resolution maximum	2400 x 1200 optimized dpi
Memory	256 MB standard memory, 40 GB hard disk
Media Handling	Roll feed, sheet feed
Types	Bond and coated paper (bond, coated, heavyweight coated, super heavyweight coated, super heavyweight plus matte, colored), photographic paper (satin, gloss, semi-gloss, matte, high-gloss), technical paper (natural tracing, translucent bond, vellum), film (clear, matte, polyester), backlit material, self-adhesive material (two-view cling, indoor paper, polypropylene, vinyl)
Weight	60 to 328 g/m <sup>2</sup>
Size:	24-inch models: 8.5- to 24-inch wide sheets, 11- to 24-inch rolls 44-inch models: 8.5- to 44-inch wide sheets, 11- to 44-inch rolls
Thickness	Up to 31.5 mil
Maximum roll length	300 ft/91 m
<b>Printing</b>	
Margins	<b>Roll:</b> 0.2 x 0.2 x 0.2 x 0.2 in./5 x 5 x 5 mm (borderless on photo papers) <b>Sheet:</b> 0.2 x 0.67 x 0.2 x 0.2 in./5 x 16.75 x 5 x 5 mm
Technology	HP Thermal Inkjet
Ink cartridge colors	Cyan, gray, magenta, matte black, photo black, yellow
Ink types	HP Vivera inks
Ink drop	6 pl (cyan, magenta, photo black, gray), 9 pl (yellow, matte black)
Ink cartridge size	69 ml (photo black, cyan, magenta, yellow, gray) 130 ml (matte black, photo black, cyan, magenta, yellow, gray)
Nozzles	1056 per color
Maximum line width	0.002 in./0.0423 mm
Line accuracy	+/- 0.1% <sup>7</sup>
Maximum print length	300 ft/91 m (OS and application dependent)
<b>Connectivity</b>	
Interfaces (standard)	One 10/100/1000BT Ethernet RJ-45 port, one Hi-Speed USB 2.0 certified port, one EIO Jeldirect accessory slot
Interfaces (optional)	HP Jeldirect print servers
Print languages (standard)	<b>HP Designjet T1100 Printer:</b> HP-GL/2, RTL, CALS/G4, HP PCL3GUI <b>HP Designjet T1100ps Printer:</b> Adobe PostScript, Adobe PDF 1.6, HP-GL/2, RTL, CALS/G4, TIFF, JPEG, HP PCL3GUI
Drivers (included)	<b>HP Designjet T1100 Printer:</b> HP-GL/2, HP-RTL Windows drivers; Optimized Windows driver for AutoCAD 2000 and higher; support for Citrix MetaFrame environments; HP PCL3GUI driver for Mac OS X <b>HP Designjet T1100ps Printer:</b> HP-GL/2, HP-RTL Windows drivers; PS Windows drivers; Optimized Windows driver for AutoCAD 2000 and higher; support for Citrix MetaFrame environments; PS driver for Mac OS X
<b>Environmental ranges</b>	
Operating temperature	41 to 104° F/5 to 40° C
Recommended operating temperature	59 to 95° F/15 to 35° C (depending on paper type)
Storage temperature	-13 to 131° F/-25 to 55° C
Operating humidity	20 to 80% RH
<b>Acoustic</b>	
Sound pressure, active	44 dB(A)
Sound pressure, standby	29 dB(A)
Sound power, active	6.5 B(A)
Sound power, standby	4.4 B(A)
<b>Power consumption</b>	
Maximum	200 watts
Powersave	27 watts
Off	0.1 watts
Power requirements	Input voltage (auto-ranging): 100 to 240 VAC (+/- 10%), 50/60 Hz (+/- 3 Hz), 2 amp max
<b>Certification</b>	
Safety	United States and Canada (CSA certified), EU (LVD and EN60950-1 compliant), Russia (GOST), Singapore (PSB), China (CCC), Argentina (IRAM), Mexico (NYCE)
Electromagnetic	Compliance for Class B products: EU (EMC Directive), United States (FCC Rules), Canada (DoC), Australia (ACA), New Zealand (MoC), China (CCC), Japan (VCCI); Certified as Class A product: Korea (MIC), Taiwan (BSMI)
Environmental	ENERGY STAR <sup>®</sup> qualified models; see: <a href="http://www.hp.com/go/energystar">www.hp.com/go/energystar</a> , WEEE, RoHS
<b>Warranty</b>	One-year, next business day, on-site warranty
