

# Commonwealth Data Governance: Status Report

---

**Nicole D. Helmantoler**

Enterprise Information Architect

Virginia Information Technologies Agency

Presentation to the Health IT Standards Advisory Committee

February 19, 2015

# Update on Old Business

- > Enhanced Memorandum of Understanding Coordinating Committee (eMOU CC)
  - > CDG continues to participate in role of VITA non-voting member
  - > eMOU CC now part of formal HITSAC status reports
- > HCBS
  - > One year planning grant awarded by the Administration for Community Living (ACL) will set expectations for the next three years for integration and expansion of the No Wrong Door (NWD) program
  - > Included in these expectations are normalization of service taxonomies and a person centered assessment of needs
  - > Progress in these two areas drives towards a community needs document that can be shared, with consent, to the public and private provider community
- > FHIR
  - > Will receive update from HL7 today

# Recent Achievements – Data Governance

- › Held first Executive Data Stewards meeting – Nov. 13<sup>th</sup>
  - › Established Quarterly Meeting Schedule
  - › Assigned first Technical Working Group task: Requirements for Data Asset Inventory
  - › Assigned first Functional Working Group task: Enterprise-wide Legal Considerations for Data Sharing
- › Kicked off Functional & Technical Working Groups – Jan. 21<sup>st</sup>
  - › Technical Stewards are analyzing agency-collected data asset attributes
  - › Functional Stewards will focus on legal considerations for data sharing for specific use cases: health/education, health/public safety, transportation/environmental quality

# Recent Achievements – Data Governance
