

## Commonwealth Information Security Council Risk Management Committee Meeting

**May 21, 2012**  
**1:30 pm**  
**CESC**

Risk Management Committee members attending:

Bob Auton, DJJ, Chair  
Joshua Cole, Dept of Aviation\*  
Ross McDonald, DSS\*  
Jack Spooner, DOA  
Goran Gustavsson, APA

\* (Attending via teleconference)

Also Attending:

Mauri Shaw, VITA CSRM

Topic: Risk Management/Assessment Training

Josh forwarded his presentation of "Managing Enterprise Risk and Compliance Through Governance" to committee members for their review and discussion. The slides were reviewed and it was agreed that they could provide, (with additional editing for COV requirements, etc.) the basic foundational level needed to do a presentation to agency management (e.g. AITR meetings). The slides will be used by Ross to help develop the input for a more detailed presentation of risk assessment scheduled for ISOAG training in the fall.

Follow-up – June meeting.

The committee will review further updates to the presentation from Josh. And if available, the committee will go over presentation slides on ISOAG training
