## COMPREHENSIVE PROJECT DESCRIPTION

**FOR WIRELESS E-911 PSAP EDUCATION PROGRAM GRANT REQUESTS:**

Describe how the education/training is 9-1-1/public safety communications specific and how this will benefit E-911 and the employee(s) and/or PSAP.

The 2 conferences listed are 911/public safety specific as they are sponsored by APCO and NENA, two of the most prominent organizations for 911/public safety. The training offered at these conferences will benefit E911 personnel by broadening their awareness of issues and trends occurring within the 911 field. Staff will be provided with the tools and resources needed to be prepared for or to plan for future communication requirements in their service area. For the employee it opens opportunities to become more involved in the sponsoring organizations, as well as learn about different areas or topics of the 911 system they may not have been exposed to in their own organization. Having employees attend conferences like these helps to widen the perspectives of a PSAP, as well as challenge PSAP to ensure that their staff are comparable to other PSAPs in the Commonwealth.

**FOR CONTINUITY AND CONSOLIDATION OR ENHANCEMENT PROJECTS:**

Provide a thorough, concise, and complete description of the project, including an outline of the goals and objectives, implementation strategy, and a work plan.
