Mr. Lem Stewart
Chief Information Officer
C/o VITA, PPEA Proposals
Acquisition Services Division
110 S. 7th Street, Suite 100
Richmond, VA 23219

Dear Mr. Stewart:

CGI-AMS and our business partners Unisys, MCI, GovConnect, Silo Smashers, and Belacorp are proud to submit to you our conceptual proposal for a program that we call the Virginia Business Modernization Initiative (BMI). BMI is a program designed to transform Commonwealth operations by modernizing the administrative business processes and enterprise IT infrastructure of the Commonwealth, thus supporting superior enterprise resource management and improved government performance in a cost effective manner.

This conceptual proposal has been developed, and is being delivered to you, pursuant to the Commonwealth of Virginia Public-Private Education and Infrastructure Facilities Act of 2002 (PPEA) guidelines and VITA's supplemental guidelines. It is a revised submission of the proposal originally submitted on December 18, 2003. The revisions are solely clarifying in nature, as listed here.

- As is noted in a footnote added to every chapter, all references to "AMS" in this proposal refer to American Management Systems, Incorporated, a Delaware corporation which is a wholly-owned subsidiary of CGI Group, Inc.
- As noted in Chapter 2 and Appendix A, Donna Morea has been named the President of CGI-AMS.
- We have renamed the consortium of proposing firms as the Virginia Government Transformation Alliance.
- We have removed two proposed members of the Business Leadership Council and replaced them with two new proposed members.
- In the Executive Summary, we have highlighted our concepts for economic development. This addition is on page 5.

As called for in the guidelines, we have included a check for \$45,000 for the remainder of the processing fee for unsolicited proposals.

I am authorized to deliver this conceptual proposal to the Commonwealth on behalf of the CGI-AMS consortium and will act as the primary point of contact for the consortium. Dave Cavan of AMS will be the secondary point of contact. Our contact information is as follows:
