Our goal is to send personnel to the Fall APCO Conference, the Spring NENA Conference, and to put one person through the online APCO CTO program. Personnel will be Communications Officers, Management, and Technical personnel from the PSAP. Training offered at the conference and online will benefit 911 personnel by broadening their awareness of issues and trends occurring within the field.

Attending the conferences will also allow members of our PSAP to obtain CE hours for their CTO re-cert and to learn best practices that they are not exposed to during normal day-to-day operations.

EVALUATION

Describe the evaluation process that will be used to determine if participation in this education/training benefited the PSAP and/or supported E-911 and GIS.

Conference attendees and/or participants in statewide trainings will present summaries of their training experiences to staff members who were not able to attend these training opportunities. Conference summaries will be given at the next regularly scheduled staff meeting for 911 employees. Continued training is key to sustaining a productive work environment.
