COMPREHENSIVE PROJECT DESCRIPTION

Describe how the education/training is 9-1-1/public safety communications specific and how this will benefit E-911 and the employee(s) and/or PSAP.

Regional collaboration has always been essential to maximixing funding in Southwest Virginia. During regional meetings training topics and benefits are discussed. The ten (10) localities involved in this grant application are routinely engaging in conversations regarding training needs and new trends in the industry. Being current with E911 PSAP advancements in technology and procedure is important. To have E911 knowledge of the needs of dispatch in future technology will help the PSAP be thorough in providing responders the information they need and help them prepare for NG 911. Failure to provide adequate training, realistic simulations, and resources for the PSAP has a direct impact on the service skills and abilities of the Dispatcher

EVALUATION

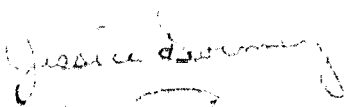

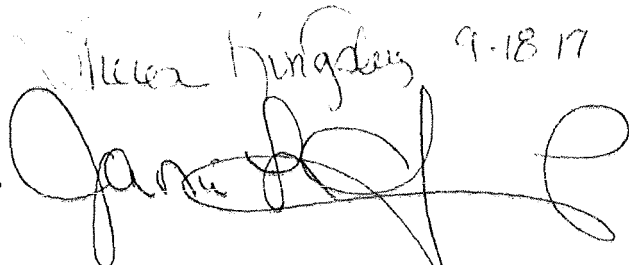

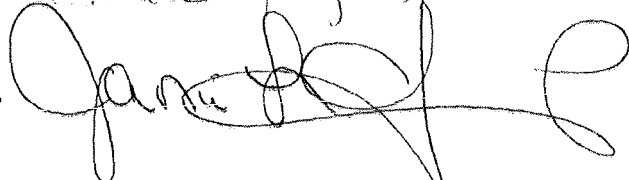

Describe the evaluation process that will be used to determine if participation in this education/training benefited the PSAP and/or supported E-911 and GIS.

Many of the personnel attending the training will be required to serve as peer trainers within their own PSAP using the material provided. Dispatchers and staff are evaluated yearly for performance. The skills and knowledge that will be learned through the training should be demonstrated in the ability to successfully and thoroughly perform their job duties. Localities will have the opportunity to discuss the training offerings at Regional Manager meetings as well as other meetings throughout the region. These meetings will give the localities the opportunity to discuss the benefits or what is needed in the future.

Multi-Jurisdictional Agreement

The PSAPs listed below hereby wish to participate in the multi-jurisdictional PSAP education project. Wise County will be the "host" for this grant and will be the fiscal agent.

Each individual PSAP is eligible for \$3,000 in the Multi-jurisdictional training PEP. Each PSAP below has agreed to participate in a regional application for an Education/Training regional event. The undersigned below authorizes VITA to transfer the PEP funds, if approved, to the identified fiscal agent upon draw down request for the FY19 regional education program grant.
