COMPREHENSIVE PROJECT DESCRIPTION

Describe how the education/training is 9-1-1 and/or GIS specific and how it will benefit the employees and/or PSAP.

The National Conference Training is beneficial to the training and development of the 911 Dispatch Supervisors and Senior Dispatchers. The availability of multi-level training for Managers, Supervisors, and Trainers at the National Conference will provide a broad and nationally standardized view of the profession to the employees and managers attending. Additionally, employees who have not had the opportunity to view demos of NG-911 related technology will have multiple opportunities to gain firsthand and hands-on experience of these future technologies that will impact the 911 Center in the next few years. As these are the current and future leaders of the 911 Center it is crucial that they have the opportunity to experience the National Conference.

EVALUATION

Describe the evaluation process to determine if participation in this 9-1-1/GIS education/training benefited the employees and/or PSAP.

The skills learned by both supervisors and dispatchers in the various sessions will be used in the performance of their assigned duties
