COMPREHENSIVE PROJECT DESCRIPTION

Describe how the education/training is 9-1-1 and/or GIS specific and how it will benefit the employees and/or PSAP.

The APCO and NENA conferences offer so much valuable information to those that have chosen a career in Public Safety Communications. Dispatchers get to take a break from the console and learn about what is new and upcoming affecting the way we receive our 911 calls to how we dispatch those calls.

EVALUATION

Describe the evaluation process to determine if participation in this 9-1-1/GIS education/training benefited the employees and/or PSAP.

Several staff members that have attended the conferences have brought back information that greatly benefitted the center. I personally enjoyed learning about Rapid SOS at the Spring NENA conference. When I got back to the office I made sure that I started the process to get RapidSOS integrated into our Geo-Comm map to better assist being able to locate callers when they are dialing from a smart phone.
