Richmond, Virginia 23219

RE: FY18-20 Information Technology Strategic Plan

Dear Commissioner Brich:

I am pleased to inform you of the approval of your agency's Information Technology Strategic Plan (ITSP). Per the Code of Virginia, the Chief Information Officer (CIO) of the Commonwealth's approval of your ITSP permits you to proceed with your documented IT investment strategy.

In keeping with Governor Ralph S. Northam's commitment to make government more agile and accessible to citizens, the Commonwealth is modernizing service delivery and moving from one supplier of information technology (IT) infrastructure services to a multisupplier environment. In times of rapid change, a well-thought-out ITSP is even more essential to avoid unnecessary risks; therefore, it is important to keep IT plans up to date as agency business requirements change. Agency ITSPs can be amended as business priorities dictate. If your business planning requires a change in your ITSP, please contact your Virginia Information Technologies Agency customer information technology administrator.

Sincerely,

A handwritten signature in black ink that reads 'Nelson P. Moe'.

Nelson P. Moe
