Data Management Technologies — 16-Nov-20

Vendor	Product	Version	Release	Current Classification	N, N-1	General Availability	Projected	Approved	Divest: Plan	Divest: Execution	Prohibited	Vendor End of Support	Reference	Notes
Microsoft SQL Server	SQL Server	2019		Approved	N	11/4/2019		11/4/2020	1/8/2025	1/8/2027	1/8/2028	1/8/2030	https://support.microsoft.com/en-us/lifecycle/search?alpha=sql%20server https://blogs.msdn.microsoft.com/sqlreleaseservices/announcing-the-modern-servicing-model-for-sql-server/	Up to and including SQL Server 2016, RTM and any subsequent SPs establish a new product baseline. For each new baseline, CUs are provided for roughly 12 months after the next SP releases, or at the end of the mainstream phase of product lifecycle, whichever comes first. For the entire product lifecycle, Microsoft releases General Distribution Releases (GDRs) when needed, containing only security related fixes.
		2017		Approved	N-1	10/2/2017		10/2/2018	10/27/2022	10/27/2024	10/27/2025	10/27/2027
