### Notes

- Microsoft Edge Legacy will not receive security updates after vendor End of Support date.
- Explorer 11 is also embedded in Windows 10 OS and is automatically kept up to date thru service channel.
- Microsoft Edge Legacy is not governed by the Modern Lifecycle Policy.
- The most current version of IE will continue to follow the specific lifecycle policy for the operating system for which it is installed.
- IE 11 is also embedded in Windows 10 OS and is automatically kept up to date thru service channel.
- If running Win10 2015 LTSB, end of support 10/12/2021.
- Microsoft’s policy is to provide a minimum 30 days’ notification when customers are required to take action in order to avoid significant degradation to the normal use of the product or service.
- The Modern Lifecycle Policy covers products and services that are serviced and supported continuously. Under this policy, the product or service remains in support if the following criteria are met: Customers must stay current as per the servicing and system requirements published for the product or service.
