A “version” within CTP F1 Financial Planning Detail (FPD) is a “snapshot in time” of project finances:

- Actual/Forecast (forecast) (Aff)
- Investment Business Case approval (IBC)
- Detailed Planning Approval (DPA)
- Current Baseline (baseline) (CBb)
- Project Initiation Approval (PIA)
- Approved Change Request (ACR)
- Proposed Change Request (PCR)

Remember...
- Project Manager: Always edit Aff only
- CBb = Latest CIO approval (PIA, DPA, ACR)
- Conduct Status Report budget analysis via Aff <> CBb
