

New Features

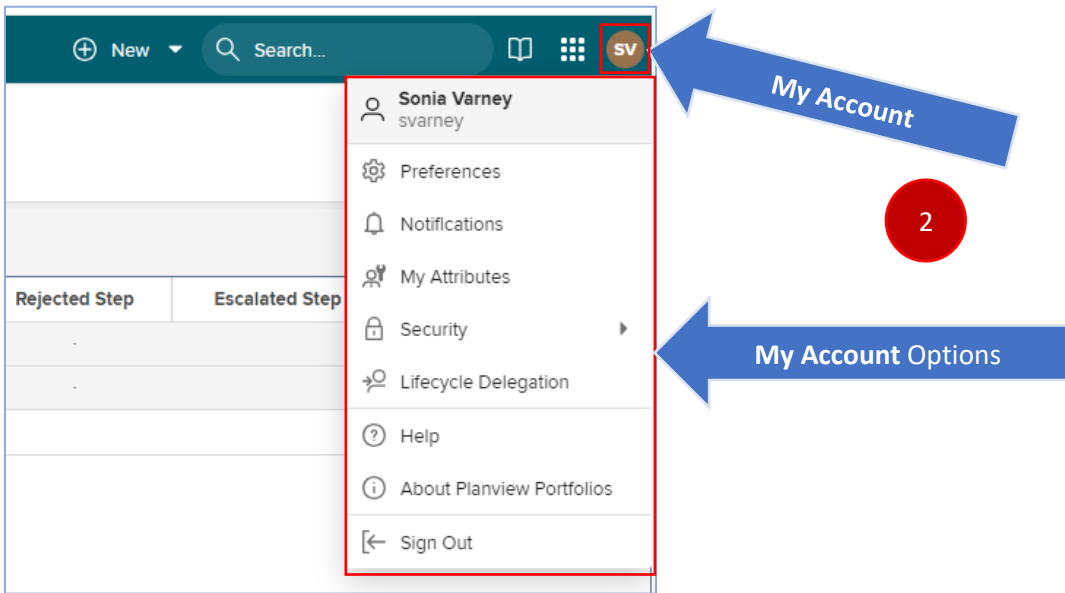

1. If you currently access **Planview Enterprise Architecture, ProjectPlace, AgilePlace, or the Customer Success Center** from the product switcher (9 dot square), this has been moved from the top right to the top left and has been reformatted.
2. For those that currently have access to the **Microsoft (MS) Project Add-In**, this has moved from the **Product Switcher** to your user profile menu (**My Account**).
3. The **search box** will now collapse to only show the magnifying glass when browser window is reduced. Clicking on the magnifying glass will fully display the **search box** for use.

Before Upgrade:

Product Switcher:

After Upgrade:

Product Switcher:

My Account Options:

The screenshot shows the 'My Account' dropdown menu for user Sonia Varney. The menu items are: Sonia Varney (sv), Preferences, Notifications, My Attributes, Security, Lifecycle Delegation, Microsoft Project Add-In, Help, About Planview Portfolios, and Sign Out. The 'Microsoft Project Add-In' item is highlighted with a red box. Annotations include: 'My Account' pointing to the user profile icon, 'My Account Options' pointing to the menu items, and 'MS Project Add-in, new location' pointing to the highlighted item. A red circle with the number '2' is present in the top right corner.

Search Box

The first screenshot shows the search box collapsed into an icon in the top navigation bar. An annotation 'Search box collapses when screen width is reduced' points to the search icon. A red circle with the number '3' is present.

The second screenshot shows the search box expanded into a text input field. An annotation 'Collapsed search box expands when clicked on' points to the search input field.
