

# Virginia website solutions (VWS)

VWS is available for Commonwealth of Virginia (COV) executive branch agencies to migrate agency websites to approved website content management system (CMS) vendors.

## We want to be your partner!

VWS team will meet with your agency to discuss requirements and needs on the below topics:

Content  
migration

CMS

Hosting

Website  
modernization

## Benefits

- Provides agencies with a trusted partner dedicated to modernizing and improving the citizen user experience across COV public websites
- Provides oversight to ensure approved vendors are delivering secure websites and consistently providing website services
- Assist agencies with selecting an approved vendor to develop and maintain websites.
- Leverages web design experience, processes, platforms and standards used for COV websites.
- Ensures websites meet current web content accessibility (WCAG) standards
- Provides resources and support from the VWS solutions team

## Current partnerships

### AIS Network (AISN)

- Department of Forestry
- Virginia State Police

### SiteVision

- State Council of Higher Education for Virginia
- Virginia Board of Accountancy

### Tyler Technologies

- Department of Taxation
- Department of Transportation

## Approved CMS Vendors

- Forum One (Drupal)
- TerminalFour, Inc. (T4)
- Triad Technology Partners (Adobe Experience Manager)
