

# IT Goods & Services Commodity Codes

**March 10, 2021**

This spreadsheet lists the commodity codes that VITA and the Dept. of General Services have agreed upon as IT Commodities. As such, all of the codes listed in this document are subject to VITA Policy and Procedures. Executive Branch agencies, which are considered in-scope to VITA's services, utilize this list to determine which commodity codes should be acquired through a VITA service (those coded with a "Y") and those which should be purchased (those coded with an "N").

Other agencies and non-exempt institutions of Higher Education should use this list solely to identify which commodity groups are subject to VITA's Authority and Policies and Procedures rather than those published by the Dept. of General Services. Any questions should be sent to: [scminfo@vita.virginia.gov](mailto:scminfo@vita.virginia.gov)
