PMSTS Changes took effect January 1, 2016

• WHY are we changing PMSTS?

• WHAT are the changes?

• HOW will the changes affect me? Well, WHO are you? I am a...
  • Active, current Project Manager
  • Vendor / contract Project Manager, new to State Service
  • State Employee developing project management skills
  • Project Management Division Consultant

• And, by the way, the BIG PICTURE!
"The best predictor of future behavior is past behavior"

- “Does the Popular Maxim Hold Water?”  
  - Psychology Today

- “Don't be Fooled: Past Behavior Doesn’t Predict Future Performance”  
  - Lou Adler *The Essential Guide for Hiring & Getting Hired*

- Sorry, but it’s the best we’ve got.

- Combined with education and certifications...

- Reduce overall risk of project failure, combined with:  
  - IT Project Governance & Oversight  
  - Project Management Standards  
  - Project Management Consulting
PMSTS Needs to be revised because...

- Category 3 PMs have the same PM experience level requirement as Cat 1 & Cat 2; possible unintended barrier to entry for some
  - Response: Reduce the PM experience requirement for Cat 3

- The Project Manager Qualification Exam was 2-3 editions behind PMBOK methodology & structure
  - Response: Decouple PMSTS dependence on PMBOK revisions; Update PM exams

- Potential vulnerability in PM qualification scheme: No verification that PMs retained material presented in the CPM Orientation and CTP Training classes
  - Response: Add Level One Exam requirement
PMSTS Needs to be revised because...

- IT Program Manager requirements do not exist
  - Response: Establish IT Program Manager standards

- Potential vulnerability in PM qualification scheme: Once-per-lifetime CPM Orientation requirement allows CPM knowledge to become stale and outdated
  - Response: PMSTS needs to devise a requirement to keep CPM Qualification Up-to-Date

- Since PM knowledge needs to be Up-to-Date, the PM Qualification Record (PMQR) must be current
  - Response: Revise PMD procedures to verify PMQR is current
  - Response: Revise PMQR to capture currency information
First major update to PMSTS since 2011

Refines Project Manager (PM) Qualification levels:
- Agency Level / Cat 4 / Cat 3 / Cat 2 / Cat 1 / IT Program Manager

Adds a requirement to Project Manager Qualification:
- PM Qualification must remain Up-to-Date
- PM Qualification Training & Tests remain current for 3 years
  - PM Qualification becomes dormant after 3 years of inactivity
- PM must renew PM Qualification prior to assignment if qualification has become dormant

Requires PMD review of PM qualifications as part of the Project Initiation Approval (PIA) process

Major update of PM Qualification testing process
- New learning objectives // Simplified testing process
PMSTS: Other changes

- Updates description of PM Qualification testing process
- Accommodates changes to PM Qualification tests
  - Replaces “Core” & “Facilitating” with “Level One” & “Level Two”
  - 13 revised learning objectives
- Clarifies a special circumstance when an Active Project escalates to a higher Category
- PM qualification will become more dynamic than today, as PMs climb the experience ladder over time
- Changes to CTP forms & CTP help
  - PM Qualification form
- Changes to PMQR system & PMD training materials
  - Level One Exam pass date / Project closeout date / etc.

Maintaining PM Proficiency...
Commonwealth Project Manager must have “Up-to-Date” qualification

Issue: Knowledge of Commonwealth PM procedures gets stale

Answer: Project Manager Qualification must be “Up-to-Date”

Commonwealth IT PM Qualification becomes dormant 3 years after:
1. Completion of the Commonwealth Project Manager Overview Class prior to January 1, 2016
2. Successfully passing PM Qualification Exam – Level One
3. The closeout date of a Commonwealth-level (Category 4, 3, 2, or 1) IT project in which the candidate was the designated PM
Maintain an **Up-to-Date** Commonwealth IT PM Qualification by:

1. Serving as the designated PM of a Commonwealth-level IT project within the past 36 months

   **Or, if 36 months elapse since performing CoVa PM duties,**

2. Completion of (attending) the Commonwealth Project Manager Overview Class

   **Note:**

3. Passing the PM Qualification Exam – Level One is required **ONLY** for candidates pursuing their first-time CPM Qualification after January 1, 2016; You are **not** required to re-take and pass the PM Qualification Exam if your qualification becomes **dormant**.
7 Steps to Project Manager Qualification:
(Except Agency Level PM)

Steps for PMD Consultant: (Except Agency Level PM)

Condition: A candidate is selected to be the designated PM for a Commonwealth-level IT Project (or Program)

1. Verify that PMQR has been updated within the past year
2. Check for end date (project completion date) of most recent Commonwealth-level IT Project
3. If project completion date is within 3 years, CPM qualification is Up-to-Date / Current; then...
   a. Check PM experience to ensure it satisfies requirements for the project category in question
4. If PM candidate is NOT Current, follow “7 Steps” previously described in order to become Currently Qualified in CPM; then step 3.a. above
7 Steps to Project Manager Qualification

1. Create PDMP-enabled VIM account
2. Complete PMQR: education / experience / etc.
3. Have supervisor validate PMQR
4. Update PMQR w/in the past 1 year
5. Complete CPM Overview training w/in past 3 years
6. Pass Level One Exam (5 Quizzes) w/in past 3 years
7. Complete CTP for PM training once assigned to a project
1. Having qualified Project Managers reduces the overall risk for each IT project and the Commonwealth IT Portfolio overall.

2. CPM Qualification training and testing adds value to the Commonwealth and invests in the workforce.

3. CPM Overview training, refresher training and advising is provided to agencies at no direct cost to them.

4. Multiple categories of CPM qualification balances project manager knowledge and experience versus project risk and complexity – a risk mitigation approach.

5. Helping the Commonwealth achieve a significant record of project successes.
